

How to assign default pricelist for Dine In, Home Delivery and Take Away?

HDRestaurant Tutorials

To assign a default price list for Dine In, Take Away and Home Delivery orders you need to follow the steps below.

1. Go to the **Setup** from the Restaurant dashboard.

The screenshot shows the HDRestaurant dashboard for 'Hyper Drive'. The user is logged in as 'HDAdmin' with 'Cash Register : 01 - Manager's Drawer'. The dashboard includes several action buttons: 'Dine In (F5)', 'Take Away (F6)', 'Delivery (F7)', 'Pick Held Invoice', 'Awaiting Payment', and 'Table Manager'. A red arrow points to the 'Set-Up' button in the top right corner. Below the buttons is a table of order statuses: Delivered, Delivery Failed, Dispatched, Not Delivered, Order Placed, Prepared, and Ready To Serve. There are also filters for 'Home Delivery', 'Dine In', and 'Take Away', and a search bar. A table below shows two records for 'Home Delivery' and 'Take Away' orders, both with 'Pending' payment status and 'Delivered' order status. The 'Set-Up' button is highlighted with a red arrow.

Invoice Type	Table Number	Payment Status	Order Status	Invoice Status	Inv Number	Invoice Date	Gr Total
Home Delivery		Pending	Delivered	Saved	Hyp-100003	06/03/2017 11:58 AM	
Take Away		Pending	Delivered	Saved	Hyp-100002	06/03/2017 11:58 AM	

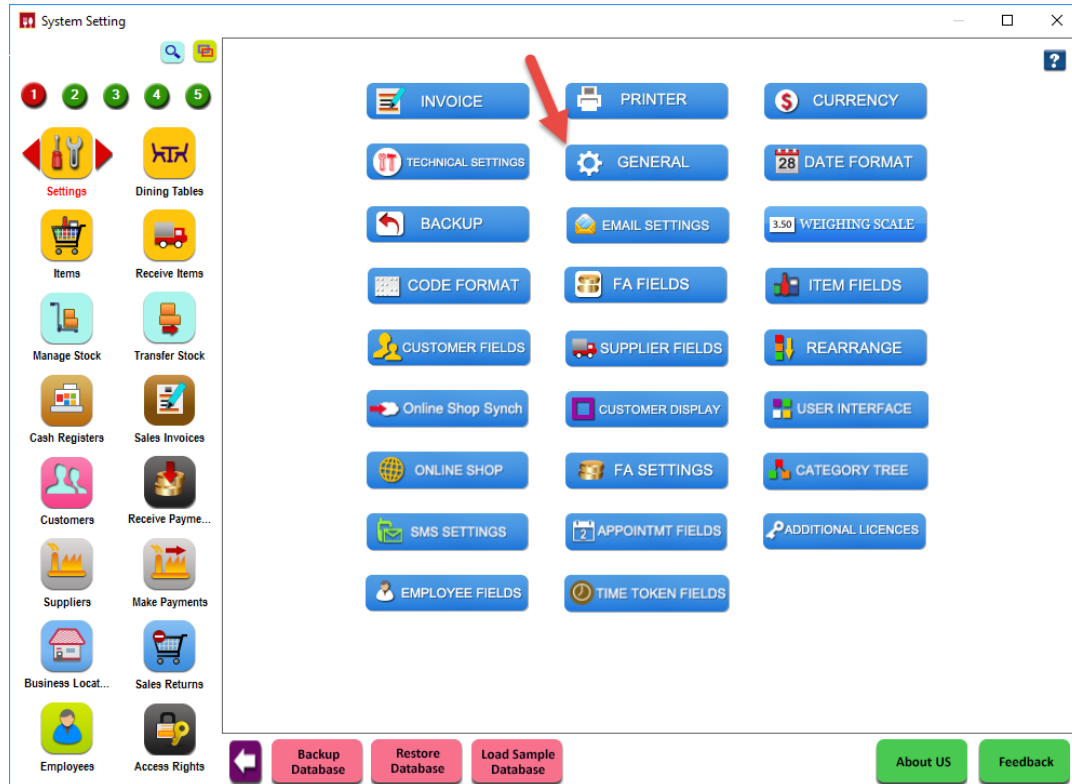

2. From 1st of Set-Up select **Settings**.

The screenshot shows the 'Set-Up' menu. The 'Settings' option is highlighted with a red arrow and a red circle around the number '1'. The menu includes various options: Settings, Dining Tables, Items, Receive Items, Manage Stock, Transfer Stock, Cash Registers, Sales Invoices, Customers, Receive Payments, Suppliers, Make Payments, Business Locations, Sales Returns, and Employees. At the bottom, there are buttons for 'Backup Database', 'Restore Database', 'Load Sample Database', 'About US', and 'Feedback'. The main content area displays 'Welcome to Set-Up' and 'Please make your selection from the left side'.

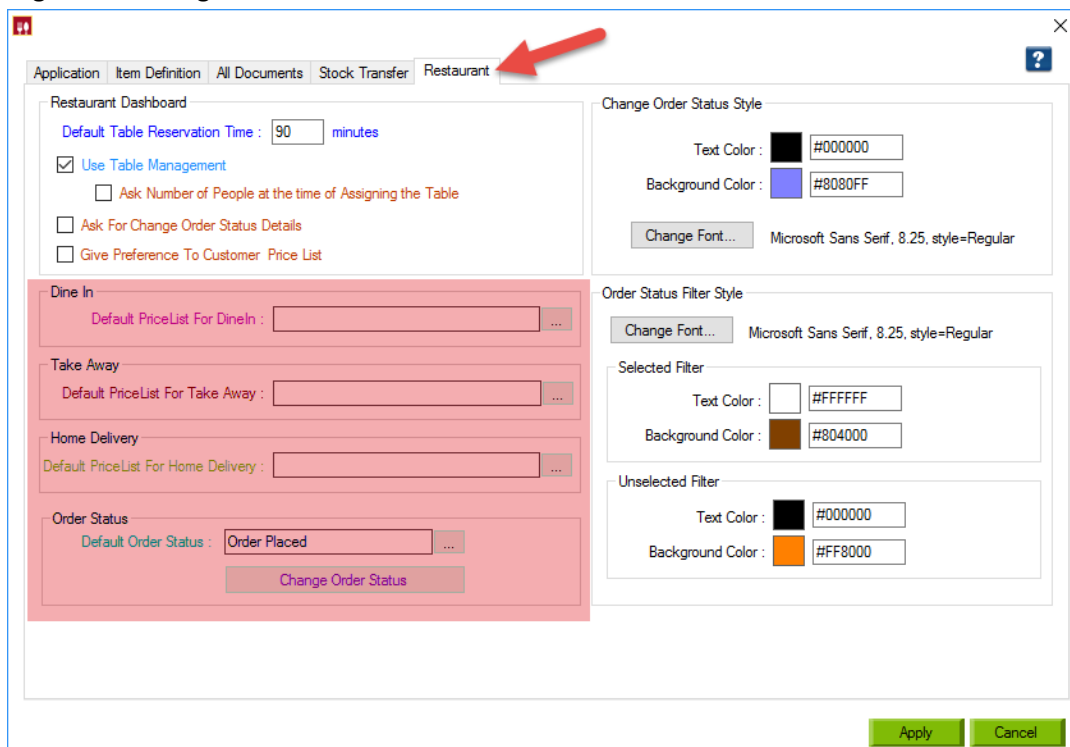

3. From **System Settings** window select **General** settings.

4. In general setting window select **Restaurant** tab.

5. Select the order type (Dine In, Take Away, Home Delivery) and click on three dotted  button in the order type section and select the price list from the list.

Dine In
