

How to change the default warehouse of any business location in HDPOS smart?

HDPOS smart Tutorials

To change the default Warehouse of any business location in HDPOS smart, follow the below steps:

1. Run **HDPOS smart** and click on **Set-Up** button.

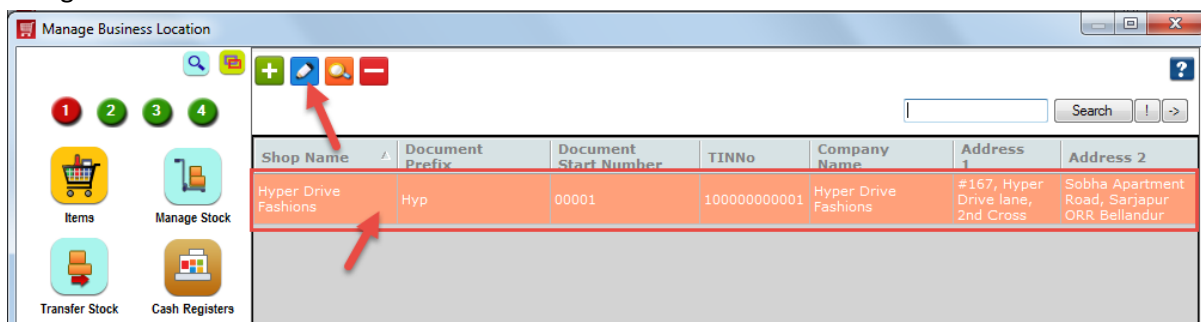

2. From 1st page of **Set-Up**, click on **Business Location**.

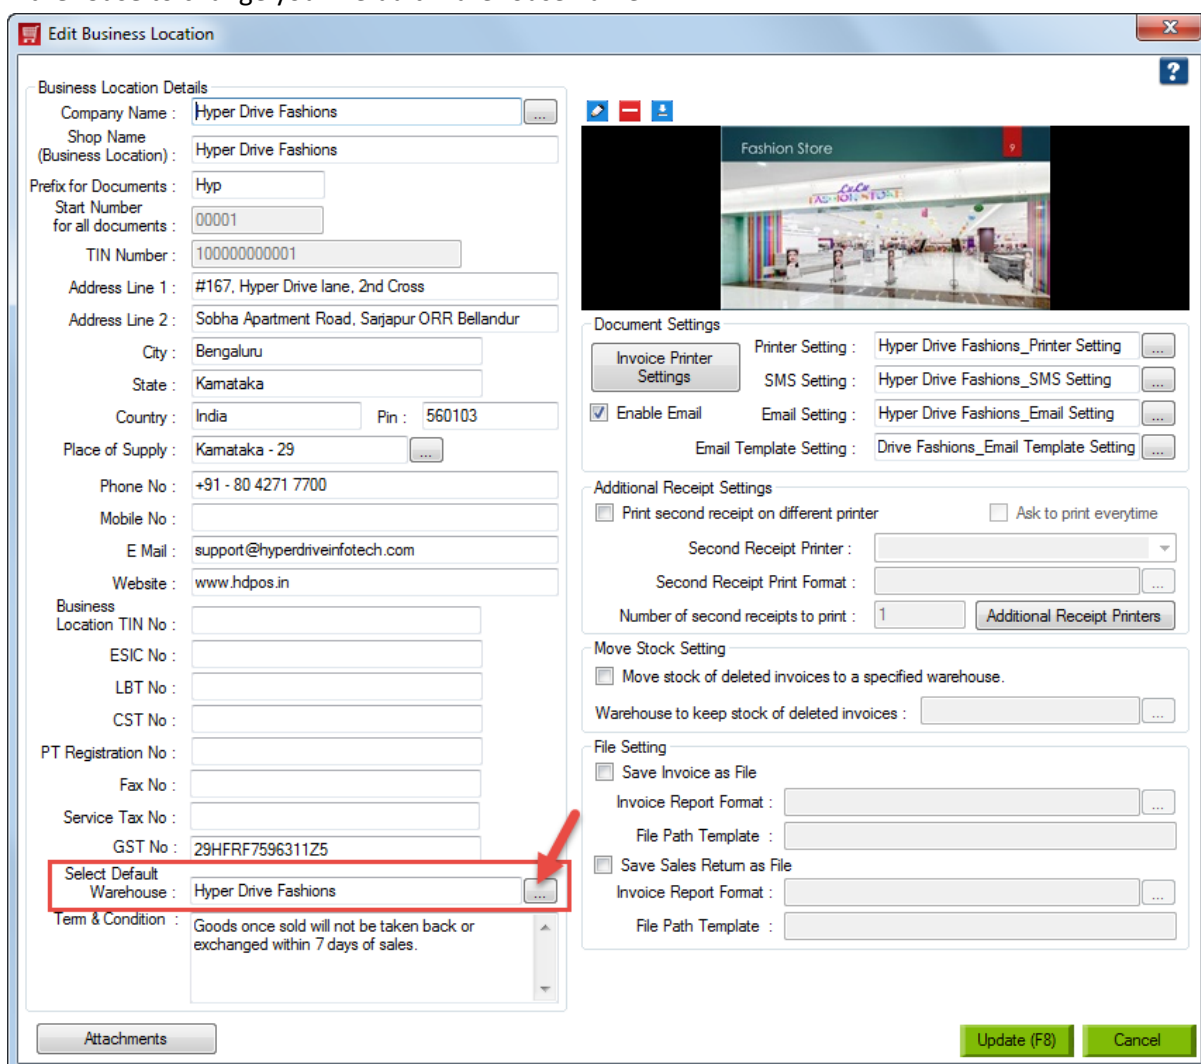

- From **Manage Business Location** screen, select **Business Location** for which you want to change default Warehouse and click on **Edit Business Location**.

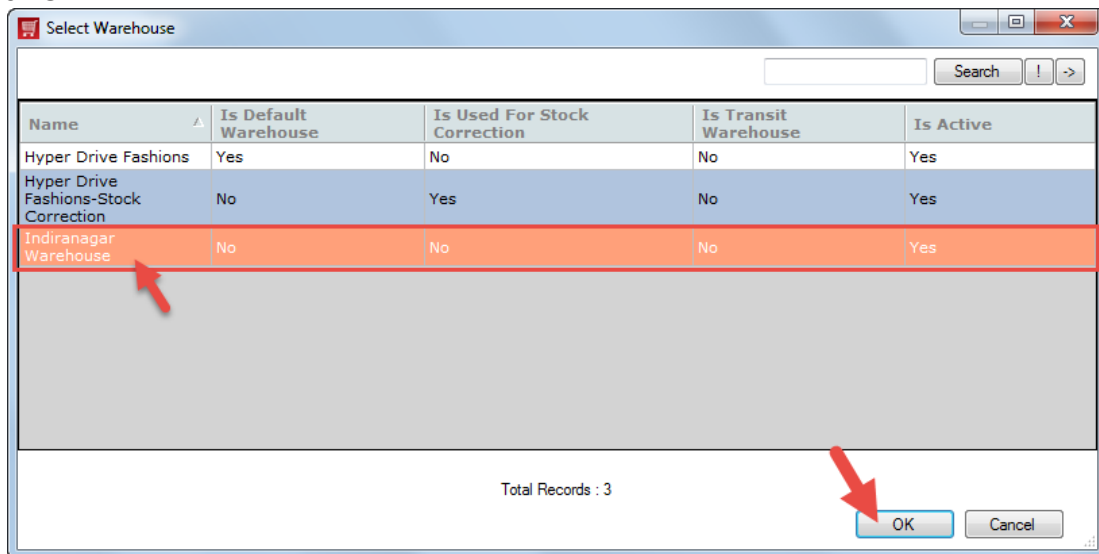

- You will see **Edit Business Location** screen, click on **3 dotted** buttons beside **Select Default Warehouse** to change your Default Warehouse name.

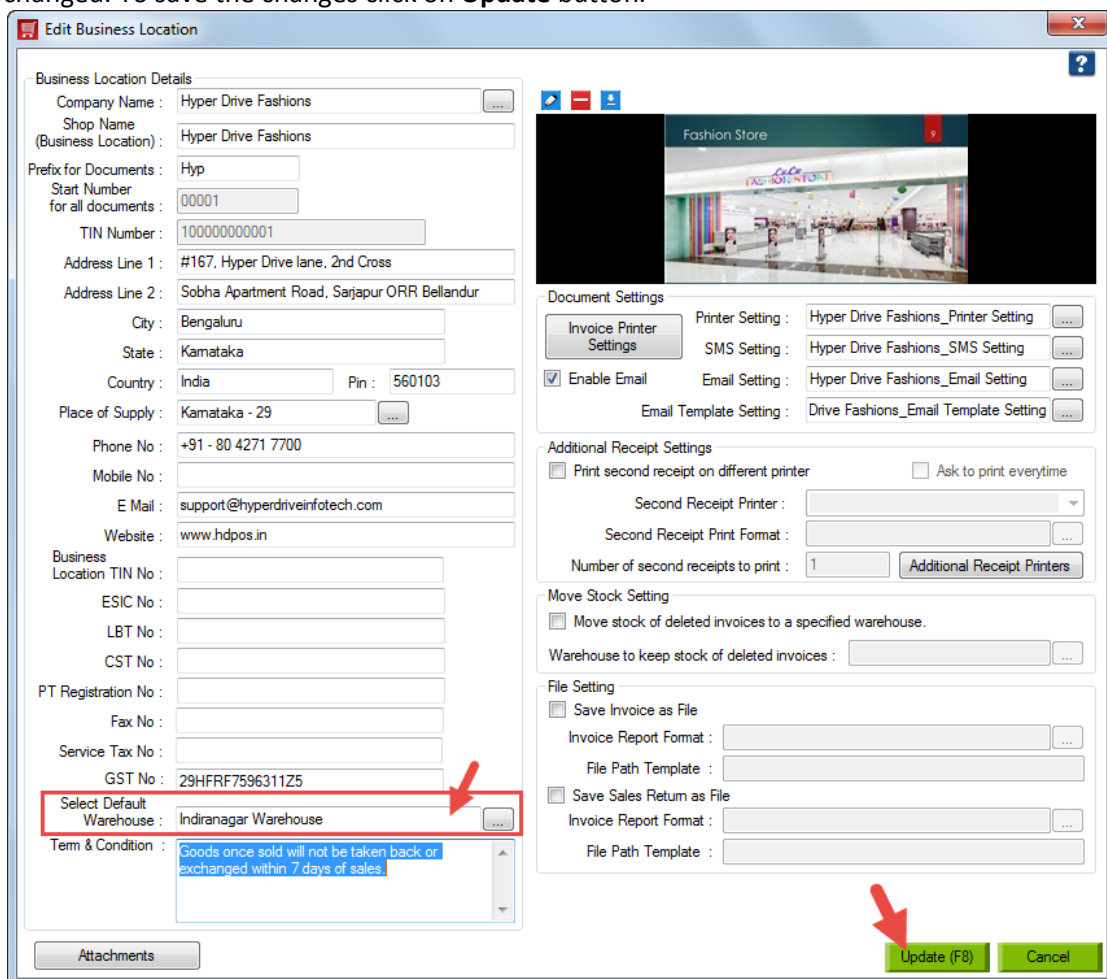

- 5. From **Select Warehouse** screen, select the Warehouse you want to keep as Default and click on **OK**.

- 6. Now you will see that in **Edit Business Location** screen **Default Warehouse** name has been changed. To save the changes click on **Update** button.

Note: Whenever a Sales Invoice is made from any Business Location, always stock of the items sold will be deducted from the Default warehouse selected in that business location.
