

How to check raw material stock availability of an item?

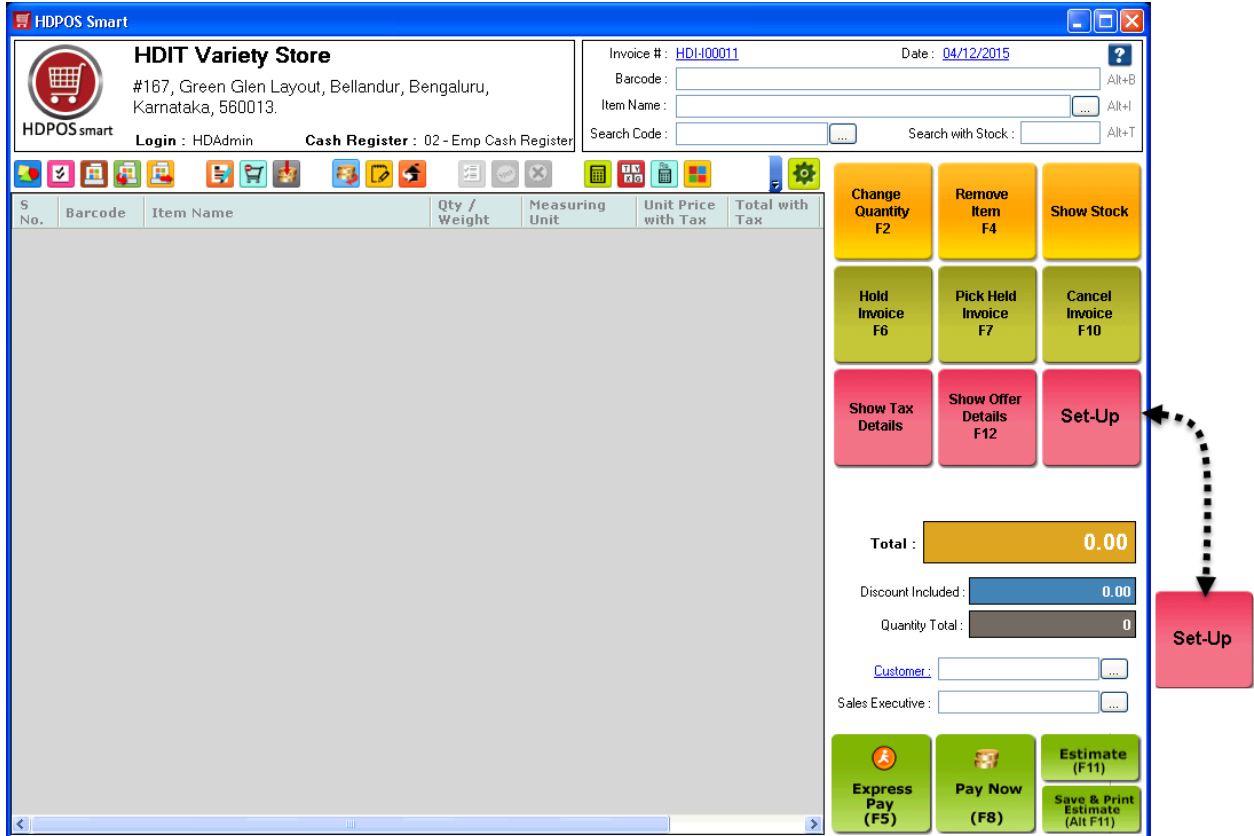

HDPOS smart Tutorials

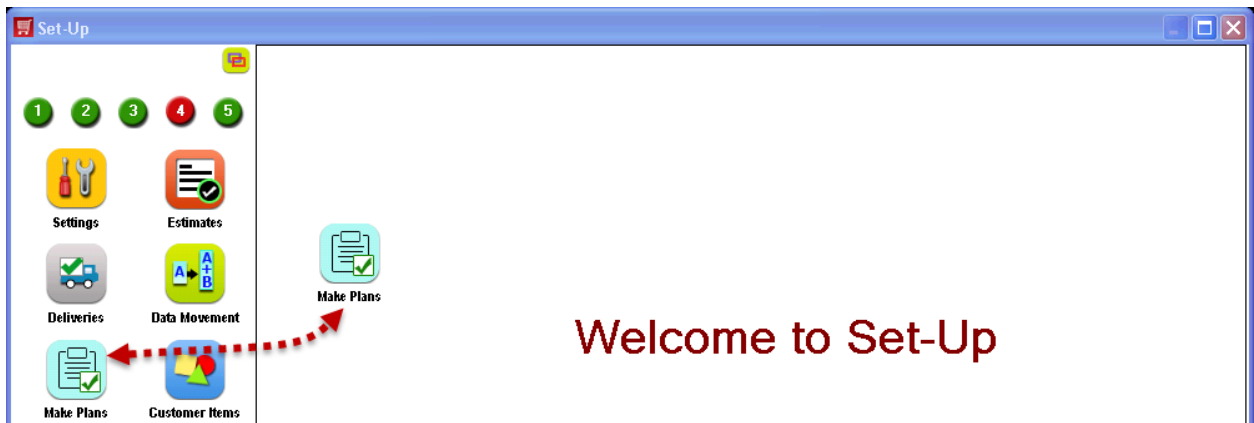

To handle big orders from customers, you can use Make Plan feature of HDPOS smart. To make any item, if you are using raw materials--- you should better check the available stock of raw materials before making it, so that you can decide whether to purchase short stock or choose to do stock transfer from another godown.

To check raw material stock availability of an item, follow the steps below.

1. Run **HDPOS smart**. Click on **Set-Up** button in the main screen.

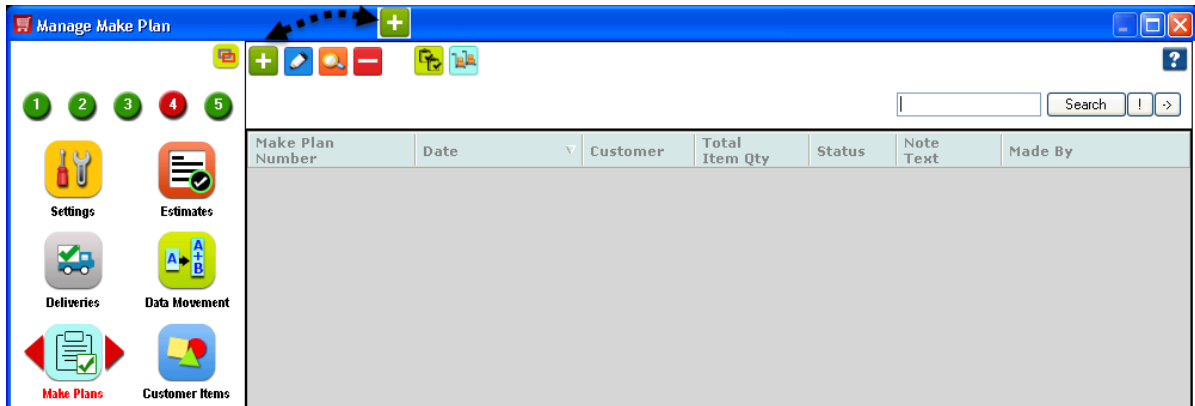

2. From 4th page of Set-Up screen, click on **MakePlans**.

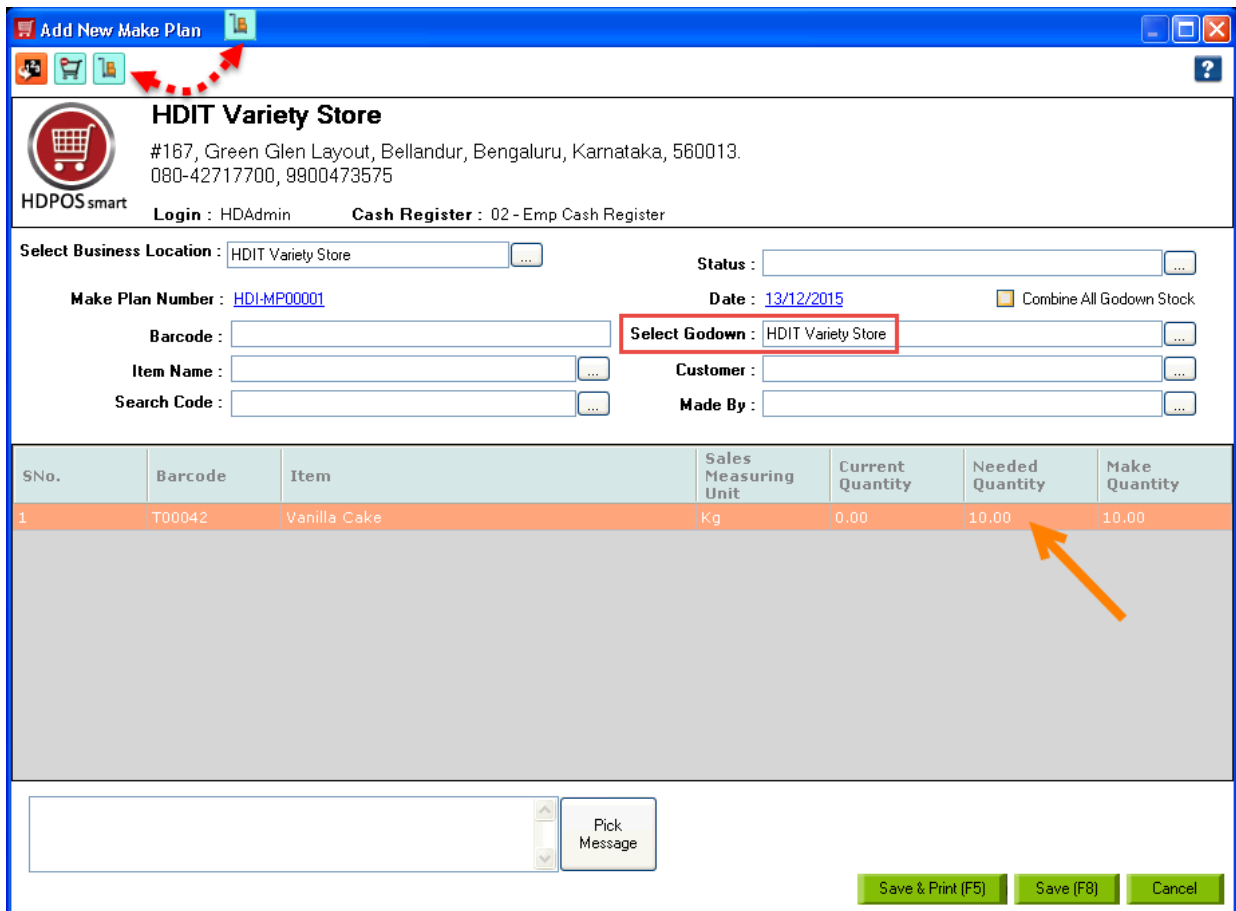

3. From **Manage Make Plan** screen, click on **Add New Make Plan** button.

4. From the **Add New Make Plan** screen as shown below:

- a. Select the **godown**.
- b. Select the **item** you want to make.
- c. Current Stock of that item in the selected godown will be shown in **Current Quantity**.
- d. Enter the quantity of how much you need to complete a particular order in **Needed Quantity** and click on **Enter**.
- e. **Make Quantity** values will be calculated automatically.
- f. Click on the **Show Raw Stock Availability** button.

5. You will see the **Make Plan Item Stock Details** screen as shown below.

You can see the following details of all raw materials:

- Current Quantity:** This will show you the current stock in the selected godown.
- Required Quantity:** This will show the required stock that is needed to complete the make plan.
- Short Quantity:** This will show the short stock that needs to be either purchased or transferred from other godown.
- Unit Purchase Price:** This will show the last purchase price.
- Total Purchase:**
 - This will show the total price of (Required Quantity* Unit Purchase Price) if “**Show Purchase Price for Required Stock**” radio button is clicked.
 - This will show the total price of (Short Quantity* Unit Purchase Price) if “**Show Purchase Price for Short Stock**” radio button is clicked.

Note: Total Purchase Price should be zero if item have **Required Quantity** less than zero.
