

# How to go to help documents in HDPOS smart?

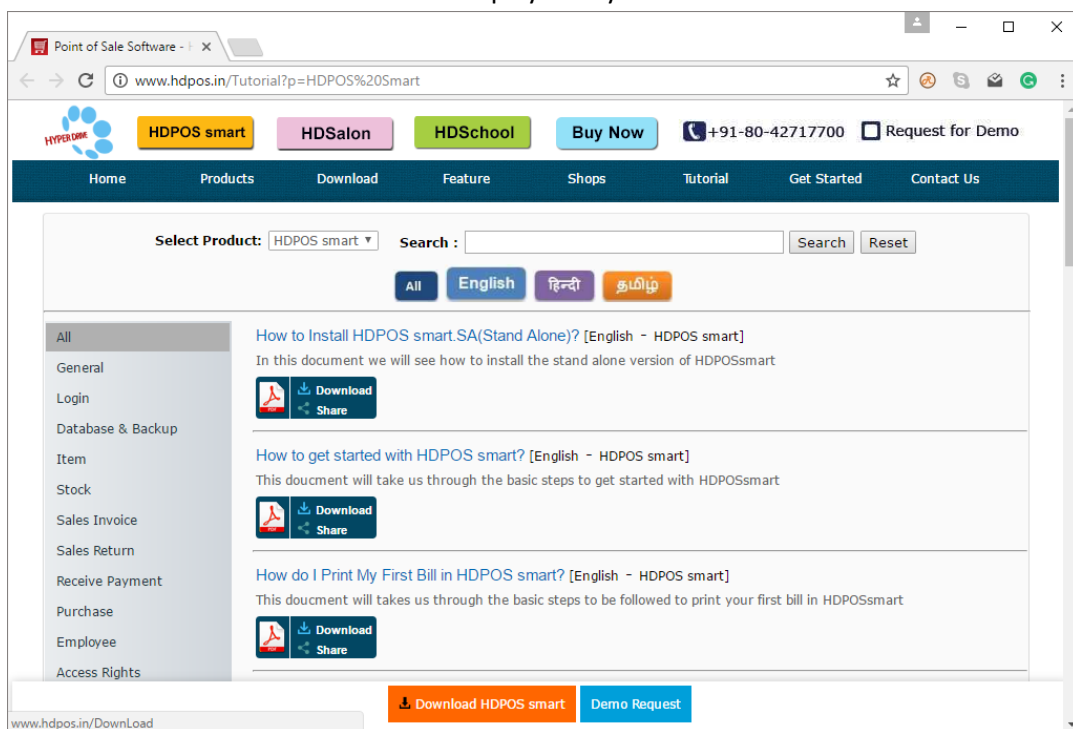

HDPOS smart Tutorials

HDPOS offers help documentation in the form of tutorials. These documents guide you in a step-by-step manner to accomplish the task. These tutorials are made available for all the tasks such as installing the application to creating invoices, purchases, etc.

1. Click on the **Help ?** button at the top right corner of the window, or press **F1**

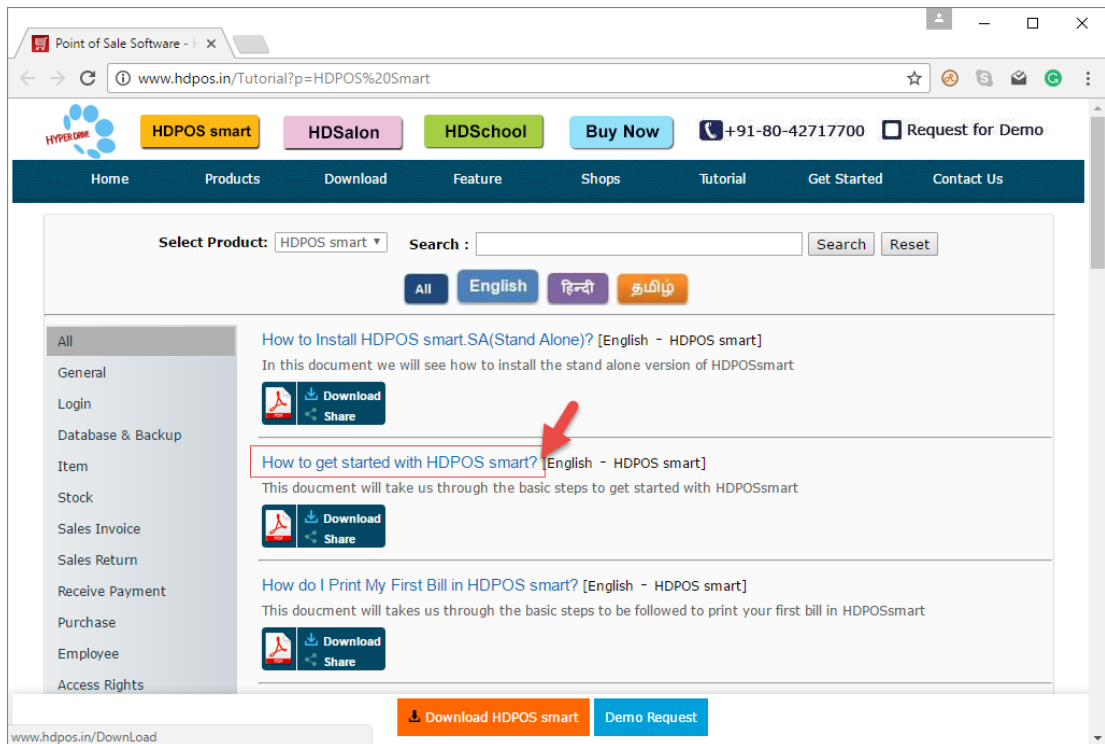

2. The tutorials section of our website is displayed in your default browser

**NOTE:** You can visit our tutorials section by navigating to <http://www.hdpos.in/Tutorial> from your browser

3. Search for required tutorials/topic and click on it.

4. The selected tutorials is opened
