

How to transfer stock from one Warehouse to another Warehouse in HDPOS smart?

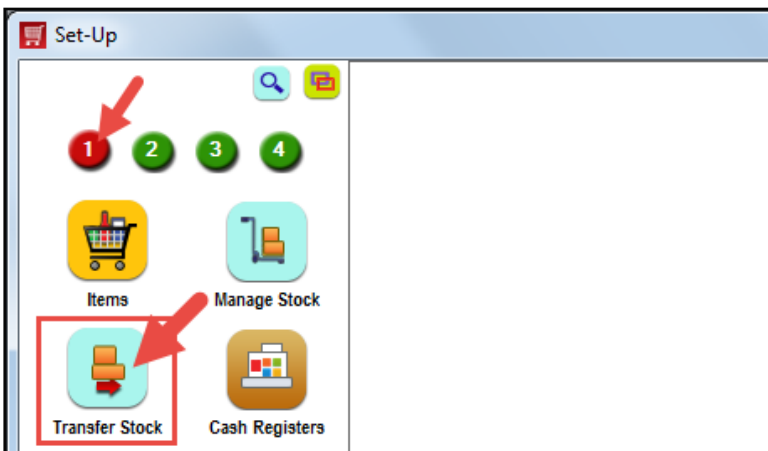

Stock transfer is nothing but moving the item's stock from one Warehouse to another Warehouse.

Follow the below steps to transfer stock from one Warehouse to another:

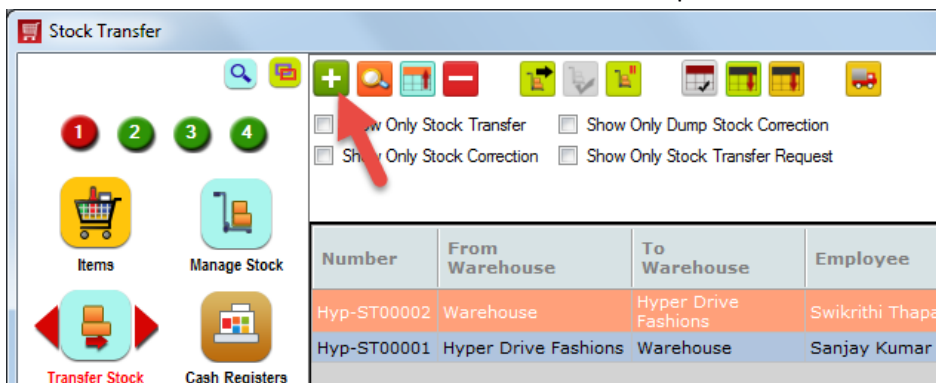

1. Run **HDPOS smart** and click on **Set-Up** button.

2. From the 1st page of **Set-Up**, click on **Transfer Stock**.

3. Click on **Add Stock Transfer** from **Stock Transfer** tool strip.

4. Warehouse to Warehouse Stock Transfer screen will be opened:

- **From Warehouse:** Select the Warehouse from where you are transferring the stock.
- **To Warehouse:** Select the destination Warehouse.
- **Received By:** Select the employee's name who is receiving the stock.
- Add the items from **Barcode/Item Name/Search Code** that you want to transfer and enter the quantity how much you want to transfer for each item in the **Transferring Quantity/Weight** column.
- You can also see another column **Available Quantity** which shows the current stock in your warehouse from where you are about transfer the stock.
- Click on **Save**.
