

## What is the default user id& password and how to change the same?

- Default User Name and Password for HDPOS smart are:

**User Name:** HDAdmin

**Password:** @HDAdmin (Case Sensitive)

- You cannot change the user id **HDAdmin**.
- To change the default password :
  - Run HDPOS smart & login with the default username and password (HDAdmin, @HDAdmin)
  - From main screen, click on **Set-Up**.
  - From the 1<sup>st</sup> page of Set-Up, click on **Access Rights** option.

- In **Manage Access Rights** screen, under Logins sections, you will see all logins created along with HDAdmin.
- Right click on HDAdmin and select **Properties** button.

- This will bring up the Edit login screen where you can change your password and save.

**Edit Login**
